---

# Kingspan Colour & Coatings

---

Kingspan provides a large selection of external finishes and colours for its Standing Seam System, Insulated Roof & Wall Panels and Fabrications, Safety & Lighting Solutions, allowing building owners' and architects the ultimate flexibility in designing their building.

---

With a wide variety of finishes including metallic, matt and solid, Kingspan's offer is suitable for the following building types:

- Community & Amenity
- Education
- Health
- Hotels & Leisure
- Industrial
- Infrastructure
- Offices
- Private Housing
- Retail
- Social Housing
- Utilities

---

# Kingspan Coatings

---

Kingspan offers the following range of coating systems suitable for external applications:

Kingspan  
XL Forté

Kingspan  
Spectrum

Kingspan  
Spectrum  
Metallic

Kingspan  
Destral

Kingspan  
Altaris\*

Kingspan  
Textured

---

Kingspan coating systems offer many important advantages over those provided by any other coatings on the market:

## Excellent corrosion resistance

Kingspan coatings are best in class for corrosion resistance. They use innovative metal alloy substrates, which provide maximum resistance to corrosion on scratches and on cut edges.

## Environmentally safe

Our coloured coating systems have been designed in accordance with Kingspan's sustainable development policy. They are phthalate-free, contain no heavy metals and are fully recyclable. Phthalate-free chemistry contributes to maintaining a safe and healthy environment.

## Advanced colour stability and UV resistance

Kingspan coloured coatings use state-of-the-art technology with improved UV resistance that provides better gloss retention and weather resistance.

## Maintenance-free, saving time, trouble and cost

Kingspan coatings do not require any special maintenance regime and their performance will not deteriorate during their lifetime.

# Extra reassurance where you need it

## Technical Properties

Kingspan XL Forté			
Nominal thickness	200 µm	Condensation resistance (QCT test)	1500 hours
Gloss (Gardner 60 °C)	15-45 GU	Temperature resistance	Maximum 75 °C
Appearance	Embossed leathergrain	UV resistance (QUV-A test 2000 hours):	
Adhesion of the coating (T-bend)	≤ 0,5 T	Colour change	ΔE ≤ 2
Scratch resistance (Clemen)	≥ 4,5 kg	Gloss retention	≥ 80%
Abrasion resistance (Taber)	≤ 30 mg	Category (EN 10169-1/2)	RUV4
Impact resistance	18 J	Resistance to acids and bases	Good to very good
Surface pencil hardness	4 – 6B	Resistance to solvents:	
Resistance to cracking on bending (T-bend)	≤ 1,5 T	Aliphatics and alcohols	Very good
Corrosion resistance:		Ketones	Low
Salt spray test	1000 hours	Aromatics	Good to very good
Category	RC5	Resistance to mineral oils	Very good
		Fire classification (EN 13501-1)	Cs2,d0

## Coating Warranty Periods

	Inland Roof	Inland Wall	Coastal Roof**	Coastal Wall**
Kingspan XL Forté	40 years	40 years	30 years	30 years
Kingspan XL Forté*	30 years	40 years	25 years	30 years

\* Please note the reduction in the roof warranty that is applicable to specific colours within this range.

\*\* Coastal refers to buildings within 1 km of the coast.

For more information on colours please refer to the Kingspan Insulated Roof & Wall Panels Colour Range chart.

Kingspan Spectrum is a proven coating that delivers aesthetic brilliance and guaranteed performance in a variety of applications. Kingspan Spectrum provides a robust barrier against the elements when used on façades or in architectural roof and wall systems.

## Coating Warranty Periods

	Inland Roof	Inland Wall	Coastal Roof*	Coastal Wall*
Kingspan Spectrum Solid	30 years	30 years	25 years	25 years
Kingspan Spectrum Metallic	30 years	30 years	25 years	25 years

\* Coastal refers to buildings within 1km of the coast.

For more information on colours please refer to the Kingspan Insulated Roof & Wall Panels Colour Range chart.

Kingspan Altaris is the finest-looking exterior coating in our range, featuring colour purity, strength, resistance and stability. It provides unparalleled protection against environmental weathering and is perfectly suited for high-end applications. It is available in a wide range of highly polished and two-tone colours.

### Coating Warranty Periods

	Inland Roof	Inland Wall	Coastal Roof*	Coastal Wall*
Kingspan Altaris 2L	N/A	30 years	N/A	n.v.t
Kingspan Altaris 3L	N/A	40 years	N/A	20 years
Kingspan Altaris 4L	N/A	40 years	N/A	20 years

\* Coastal refers to buildings within 1km of the coast.

For more information on colours please refer to the Kingspan Insulated Roof & Wall Panels Colour Range chart.

Kingspan Destral is a versatile organic polyester coating proven to satisfy the universal requirements for solidity, flexibility, durability, and cost-effectiveness.

### Technical Properties

Kingspan Destral			
Nominal thickness	40 µm	Condensation resistance (QCT test)	1500 hours
Gloss (Gardner 60 °C)	< 5 GU	Temperature resistance	Maximum 90 °C
Appearance	Grained	UV resistance (QUV-A test 2000 hours):	
Adhesion of the coating (T-bend)	≤ 1 T	Colour change	ΔE ≤ 3
Impact resistance	18 J	Gloss retention	≥ 60%
Surface pencil hardness	HB to H	Category (EN 10169-1/2)	RUV3
Resistance to cracking on bending (T-bend)	≤ 2 T	Resistance to acids and bases	Good
Corrosion resistance:		Resistance to solvents:	
Salt spray test	500 hours	Aliphatics and alcohols	Very good
Category	RC4	Ketones	Low
		Aromatics	Good to very good

# Kingspan Guarantees

In recognition of the many different demands that are placed on construction professionals today, Kingspan Insulated Panels offers comprehensive warranties on not just one aspect of its products, but all of the key performance areas.

Kingspan Warranties provide market-leading protection that covers the coating, durability, structural, fire and thermal performance of a product in a single, unique package.

Kingspan Insulated Panels sources its colour coated metal from several world class coatings suppliers and the Warranty includes a coatings protection against corrosion, chemical attack, ultra-violet radiation, humidity and abrasion for up to 40 years (in nominated geographic zones), so the building owner can be sure that the building will continue to look good year on year. The thermal efficiency and structural performance of the panels are warranted for periods of up to 40 years.

Please note that the installation of Kingspan Energy's Roof Mounted PV System will not affect the Kingspan Warranty and that Kingspan Insulated Panels will stand by the full warranty presented below.

The below table refers to warranty periods for the United Kingdom:

	Inland Roof	Inland Wall	Coastal Roof**	Coastal Wall**
Kingspan XL Forté	40 years	40 years	30 years	30 years
Kingspan XL Forté*	30 years	40 years	25 years	30 years
Kingspan Spectrum Solid	30 years	30 years	25 years	25 years
Kingspan Spectrum Metallic	30 years	30 years	25 years	25 years
Kingspan Altaris (ALL) 2L	N/A	30 years	N/A	N/A
Kingspan Altaris (ALL) 3L	N/A	40 years	N/A	20 years
Kingspan Altaris (ALL) 4L	N/A	40 years	N/A	20 years
Kingspan Textured	N/A	25 years***	N/A	25 years***
Kingspan Destral	15 years	N/A	10 years	N/A
Kingspan Day-Lite†	25 years	25 years	25 years	25 years
Membranes	A 15 year warranty is available as standard. For warranties in excess of 15 years, please contact Kingspan Technical Services.			

For warranty periods for Ireland, please contact our Technical Services Department on +353 (0) 42 96 98529.

\* Please note the reduction in the roof warranty that is applicable to specific colours within this range.

\*\* Coastal refers to buildings within 1 km of the coast.

\*\*\* Coating will require repainting every ten years in order to comply with warranty.

† Project specific and can vary. Please contact us for further information.

# Sustainability

## Commitment to Sustainability

With a number of significant advancements in the European climate change and energy performance agenda over the past 12 months, it has never been more important for businesses to recognise and take responsibility for their impact on the environment. Kingspan Insulated Panels has been leading the way with its dedication to sustainable business practice.

Our UK manufacturing operations have now achieved Net-Zero Energy status and are certified 'Very Good' under BES 6001: Responsible Sourcing of Construction Products. Our panel products are manufactured with a HCFC, CFC more in our Sustainability report available online.

Kingspan has developed third party verified EN 15804: 2012 environmental product declarations (EPD's) for QuadCore™ insulated panel systems. EPD's provide technical and quantified environmental information across a product's lifespan. Kingspan Insulated Panels Environmental Product Declarations (EPDs) are available on our website.
